INTRODUCTION

Know Us Better

Bakshi Transport Service is engaged in providing transport services for all walks of life, be it leisure or business trips. We also specialize in handling foreign tourists. Under the capable guidance of G.S. Sawhney and K.S. Sawhney, his son, the company has won several awards and accolades. Loved by their loyal customers, Bakshi Transport Service is also loved by the country, it seems, since Mr. K.S. Sawhney was invited for witnessing the swearing-in ceremony of Prime Minister Narendra Modi. What an honour! Recently, Mr. R.S. Sawhney, S/o K.S. Sawhney has joined the family business after completing his Master Degree.

History

G.S. Sawhney was a contractor at three different army canteens during the years 1955 to 1967, simultaneously also running a successful transport business, which he started after procuring an HMV license in the year 1959. He drove a bus on the STA route of Delhi, under the name of M/S "Khalsa Transport Company". In the year 1968, he switched from stage carriage business to the tourist trade business, thanks to the development of his already thriving transport services. He then started providing services such as excursions for schools and colleges, local sightseeing tours, wedding and party trips for local as well as outstation destinations, staff of MNCs and more. He also started providing chartered buses for trips as well as buses for schools, under the name of M/S Bakshi Transport Service in the year 1974. Since then the company has not looked back and, in fact, also started specializing in managing foreign tourists, group tours, and conference tours along with providing buses to various well established educational institutions such as Spring Dales School, S.D. Public School, Apeejay Public School and G.D. Goenka Public School.

During the end of the year 1992, Bakshi Transport Service became a private limited firm and has been growing stronger and stronger with each passing day, creating for itself a niche in the travel and tourism industry.

Our Services

All our chauffeurs are well mannered and extensively trained to assist the travellers in the best possible way, guiding them about the local sights as well as the best places to eat and shop, for a truly authentic Indian experience. If you thought driving in India was an easy task, think again. Apart from manoeuvring the big vehicles on small crowded roads, our drivers dodge effortlessly between the cows and bullock carts, who by the way always have the preference for right of way. Honking is always encouraged; consider it as love being showed towards our fellow citizens.

Traveling in a Volvo is always comfortable, but never as comfortable as when you are with Bakshi Transport Service. Did you know, we have trademarked the colors of our Volvos and nobody in all of India can have buses of these colors. A unique experience indeed! As soon as you board the bus, a bottle of mineral water is provided to you, taking off the edge of your thirst.
